November 1st, 2024

Dear SJS Parents/Guardians,

On Friday, November 15th, 2024, our local Lion's Club will be conducting SJS annual vision screening for all students. The Lion's Club has a quick and easy vision screening device that allows every child attending SJS to be screened. This screening does not replace a complete eye examination by your child's optometrist or ophthalmologist. The vision screening will determine if a referral is needed for further testing. If your child is in need of a referral, I will send the paperwork home with them. Connecticut mandated hearing screenings for grades K, 1, 3, 4 & 5 will also be conducted on that day. Hearing screenings results will be sent home the following week.

Primero y siempre Dios,

Shirley Lafond RN, BSN
